CLAIMANT IDENTIFICATION:

Claim Number: Control Number:

CERDES V. CUMMINS CLAIM FORM

**REQUEST FOR REIMBURSEMENT FOR PRIOR INSTALLATION OF DRAIN HOLE OR VALVE
FOR SEAWATER AFTERCOOLER ENGINES, OR FOR REIMBURSEMENT OF PRIOR
INSPECTION AND REPAIRS TO POWER CYLINDERS**

YOU MUST COMPLETE ALL ITEMS BELOW. FAILURE TO COMPLETE ALL ITEMS WILL DISQUALIFY YOUR POTENTIAL CLAIM. CUMMINS DOES NOT UNDERTAKE TO RETURN INCOMPLETE CLAIM FORMS TO YOU FOR COMPLETION.

This claim form is limited to qualifying members of the settlement class who:

1. Had already installed a retrofit drain-type device for limiting seawater aftercooler condensation prior to the first notice of the settlement of this case, or
2. Had repaired the power cylinders on a qualifying commercial engine prior to the first notice to the class of this settlement by (a) having such power cylinders inspected and (b) either having affected liners changed, or having the affected bores honed or bored, to meet Cummins' previously published specifications or (c) having the block replaced if the existing block could no longer be honed or liners replaced to meet Cummins' previously published specifications, but in each case only if caused by damage as described in Attachment 1 to the Settlement Agreement.

If you qualify under condition number 1 above, you can be reimbursed the actual cost (capped at \$650) of a previously-installed retrofit drain-type device through timely submission of this claim form. (If you recover reimbursement for a previously installed retrofit, Cummins will not be obligated to pay for installation of another drain hole, valve, or device. You may choose reimbursement or a retrofit, but not both. To obtain a claim form for the retrofit, go to the settlement website.)

If you qualify under condition number 2 above, you can be reimbursed for the prior power cylinder inspection and repairs only (and only to the extent such inspection and repairs would be covered by the limited extended warranty to be provided by this settlement and were performed at a Cummins-authorized warranty service facility by an authorized Cummins repair person), based on the schedule prescribed in the Settlement Agreement for the limited extended warranty for qualifying commercial engines.

Please send your completed claim form to:

Have you previously installed a drain hole or valve in the aftercooler for any engine above?

- Yes
- No

If "Yes", and as to each engine, on what date was the installation done?

If "Yes", and as to each engine, who did the installation?

If "Yes", and as to each engine, where was the installation done?

If "Yes", and as to each engine, what other work was done at that time?

If "Yes", and as to each engine, please attach to this claim form complete and accurate copies of all estimates, invoices, receipts, bills, credit card information and other proof of the cost of the parts and labor for the installation.

If "Yes", and as to each engine, please also attach to this claim form at least two clear photographs, from different angles, of the installation, showing clearly its location and orientation.

Failure to provide photographs and evidence of the cost of the installation will result in the rejection of this claim.

Have you previously had the power cylinders for any engine above inspected?

- Yes
- No

If "Yes", and as to each engine, on what date was the inspection done?

If "Yes", and as to each engine, what authorized Cummins repair person did the inspection?

If "Yes", and as to each engine, at what Cummins-authorized warranty service facility was the inspection done?

If "Yes", and as to each engine, what other work was done at that time?

If "Yes", and as to each engine, please attach to this claim form complete and accurate copies of all estimates, invoices, receipts, bills, credit card information and other proof of the cost of the parts and labor for the inspection.

If "Yes", and as to each engine, please also attach to this claim form all reports or conclusions made by the mechanic doing the inspection.

Have you, after inspection of the power cylinders for any engine above, had the liners for any of the power cylinders for that engine replaced to meet Cummins' previously published specifications?

- Yes
- No

Have you, after inspection of the power cylinders for any engine above, had the bores of any of the power cylinders for that engine honed or rebored to meet Cummins' previously published specifications?

- Yes
- No

Have you, after inspection of the power cylinders for any engine above, had the block of such engine replaced because the liners for the affected power cylinders could not be replaced or the bores of the affected power cylinders could not be honed or rebored to meet Cummins' previously published specifications?

- Yes
- No

If "Yes" to any of the three questions above, when, as to each engine, was the work done?

If "Yes" to any of the three questions above, what authorized Cummins repair person did the work as to each engine?

If "Yes" to any of the three questions above, at what Cummins-authorized warranty service facility was the work as to each engine done?

If "Yes" to any of the three questions above, what other work was done to each engine at that time?

If "Yes" to any of the three questions above, please attach to this claim form complete and accurate copies of all estimates, invoices, receipts, bills, credit card information and other proof of the cost of the parts and labor for the work done to each engine.

If "Yes" to any of the three questions above, please also attach to this claim form all reports or conclusions as to each engine made by the mechanic doing the work.

If "Yes" to any of the three questions above, please also send with this claim form all parts removed from the engine or engines for which you claim reimbursement.

If "Yes" to any of the three questions above, please also attach to this claim form photographs of the power cylinders of each engine prior to the work done.

Failure to provide all available evidence of work done, the reasons for it, and the cost of such work will result in the rejection of this claim.

NOTE: EVEN IF YOU QUALIFY FOR REIMBURSEMENT FOR PRIOR INSPECTION AND REPAIR, THE REIMBURSEMENT WILL BE LIMITED TO THE PROPORTIONS PROVIDED IN THE SETTLEMENT AGREEMENT FOR LIMITED EXTENDED WARRANTY COVERAGE OF COMMERCIAL ENGINES. SEE SECTION I(S) ON PAGES 4 THROUGH 6 OF THE SETTLEMENT AGREEMENT FOR THESE LIMITATIONS.

I declare that the information above is true and correct:
